Agreement Summary:

Lees offers a diverse line of products and is one of the oldest and most respected manufacturers of high quality commercial carpets. Lees mission is to simplify the purchase and installation of carpeting for Horizon members

by offering Total Solutions for unprecedented styling, superior quality, mill direct pricing and professional services.

Benefits of Lees Carpets include:

- Lees' patented Duracolor stain resistant technology
- Unibond backing system with lifetime warranty
- Commitment to excellent customer service
- Commitment to the environment

Lees pricing is for the cost of the carpet only. Charges for installation, freight, shipping and tax are not included. Cancellation information can be accessed by visiting the Lees Carpets website at <http://www.leescarpets.com>. Education-specific information may be found at http://www.leescarpets.com/site/lee_mark_educ.asp.

Since 1991, Lees has significantly improved the performance of all our carpets with Duracolor®, the industry's only patented, permanent stain resistance system that passes the GSA test for permanence. This unique technology is not a mere topical treatment, but an actual change in the ionic polarity of each carpet fiber - a change that repels 96% of all staining agents. Carpets incorporating the Duracolor technology require less energy to maintain than typical carpets and Duracolor will never wash or wear away. For additional information, go to http://leescarpets.com/site/lee_perform_durac.asp.

Ready to Roll & Ready to Tile

Lees Ready to Roll and Ready to Tile Programs offer institutions the convenience of ordering for immediate needs from in-stock inventory, while giving choice for size, color, backing and style. The real-time inventory updates every three hours to ensure that customers are aware of the latest availability.

The Ready to Roll site provides inventory data for broadloom and six-foot carpet. It may be accessed at <http://leescarpets.com/r2r/index.asp>.

The Ready to Tile site provides inventory data for modular carpet tiles. It may be accessed at <http://leescarpets.com/r2t/index.asp>.
